## EXPERIENCE

Process Associate — May 2025 - Current

And We Support | Udaipur, India

- Handled end-to-end order management for international clients, ensuring timely processing, documentation accuracy, and shipment coordination under tight deadlines
- Collaborated with cross-functional teams to resolve delivery issues, expedite delayed orders, and maintain 95%+ on-time shipment rate.
- Communicated professionally with global customers to provide order acknowledgments, shipment confirmations, and proactive delay notifications via email and phone.
- Processed change order requests and maintained accurate order status updates by analyzing backlog data, ensuring timely resolution and minimal order delays.

Assistant — December 2023 - May 2025

Flipkart (Reliable Adcon) | Udaipur, India

- Managed inbound and outbound shipments, ensuring timely deliveries and efficient tracking.
- Reduced untraceable shipments by 30%, implementing effective tracking and reporting systems.
- Led initiatives to minimize damage during unloading, reducing return rates and ensuring product integrity.
- Identified fraudulent shipments, preventing losses by flagging incorrect or multiple labels.
- Maintained accurate operational data using Google Sheets to streamline reporting and process improvements.
- Streamlined office processes, supervising and directing junior staff activities.
- Facilitated communication, handling phone and email correspondence.
- Provided training and support to new staff members, enhancing team capabilities.
- Organized and maintained filing systems for important documents and correspondence.
- Listened to customer requests and specifications and made suggestions to appropriately fulfill needs.
- Kept work and common areas neat and organized to maximize productivity, alleviate potential accidents, and promote a professional workspace.

Field Executive October 2023 - December 2023

- Assisted in the field with logistics and operations tasks.
- Worked closely with team members to solve problems and improve operational efficiency.
- Contributed to process improvements by identifying bottlenecks in the logistics workflow.
- Collaborated with warehouse staff to expedite order processing.
- Kept records of customer interactions or transactions, recording details of inquiries and actions taken.
